Business Continuity Plan

Prudent Investors Network (PIN) is committed to providing our clients with the highest level of service regarding the investments and assets they have entrusted to us. As part of this commitment, we maintain a Business Continuity Plan to address potential significant disruptions to our normal course of business. This plan is reviewed annually and updated as necessary.

We are confident that our planning approach prepares us to take action in any type of disaster, including power outage, pandemic influenza, the loss of a work area, or area evacuation. The plan addresses the relocation of technology and personnel depending on the nature and extent of the disruption. The unpredictable nature of disaster precludes absolute preparedness for any plan. Our plan’s recovery objectives may be affected negatively by the unavailability of external resources and circumstances beyond our control.

In the event of a significant business disruption, PIN will use its website to notify clients of the status of our recovery. In the event of a significant business disruption, PIN’s broker may be contacted directly to process limited trade-related transactions, cash disbursements and securities transfers. Instructions to Ceros must be in writing and transmitted via fax or postal service as follows:

Ceros Financial Services  
1445 Research Blvd., Suite 530  
Rockville, MD 20850  
(866) 842-3356  
(301) 296-5117 (fax)

If you have questions about PIN’s business continuity planning, you may contact us at (800) 455-1288.
